

# HubSpot Packaged Services

Our HubSpot marketing automation packages provide you with the strategy, skills and operational know-how you need to design, implement and deliver your own award winning digital marketing programmes.

## HubSpot Quick Start

*from CHF 5,000*

Oracle statistics show that HubSpot users that follow a structured on-boarding programme generate 260% more leads than those that do it themselves. Our Quick Start programme is designed to get you up, running and delivering value from your new HubSpot instance as quickly as possible.

If you're new to HubSpot and need someone to guide you through your first steps, our Quick Start programme is designed just for you. As a HubSpot approved partner, Demodia will help you to get up and running with HubSpot as quickly as possible. During our on-boarding sessions you will learn about marketing automation best practices and we will teach your team how to use the HubSpot technology.

The key elements of our Quick Start programme include:

- Setup website visitor tracking
- Email marketing configuration
- Setup initial email template
- Initial contact loading
- Subscription management configuration
- Initial landing page and form template
- Setup leads scoring and basic reports
- Simple lead nurturing programme
- 60 day post-launch support

## HubSpot Campaign Launch Pad

*from CHF 15,000*

Our Campaign Launch Pad is designed for those companies that want to ensure that their first HubSpot campaign leaves the ground successfully. We help you implement your chosen HubSpot marketing solution, then design and launch your first automated campaign.

Marketing automation is as much about the people as the technology. If your in-house marketing team isn't yet familiar with automated techniques this can limit the use of your HubSpot investment. Our Campaign Launch Pad programme provides you with access to our demand generation experts that will help you implement your chosen HubSpot marketing solution, then design and launch your first automated campaign. We will ensure that you follow best practices and deliver a first campaign that takes-off.

- Email marketing and website visitor custom configurations
- Custom branding
- Landing page development
- Form integration
- Tailored lead nurturing programme
- CRM integration (optional)

## HubSpot Managed Campaign Services *from CHF 9,500 / month*

Our HubSpot Managed Campaign Services support those Oracle Marketing Cloud users that have a manpower or skills shortage within their own business. Our digital marketing experts will help you design and develop automated campaigns that will power your lead generation to new heights.

With marketing automation in place, it's not uncommon that you will still need a little extra support from time to time. We act as an extension to your marketing team, providing digital marketing strategy and best practice consulting as well as campaign planning, development and execution services. Our team consists of strategists, designers, copywriters and developers that will develop your landing pages, emails, nurture programmes and reports, so that you don't have to.

- Design and implementation advanced lead nurturing programmes
- Crafting of integrated demand generation campaigns
- Setup of landing pages
- Execution of email marketing campaigns
- Producing newsletters and quality content assets
- Development of integrated and bespoke marketing tools
